

How to Enroll at ASK:

ASK welcomes applications from local and international students who are able to meet the demands of an academically challenging American curriculum. We select students based on their past school records, letter of recommendations and transcripts. Also, prospective students should pass a standardized test which determines their level in mathematics, English language and reading.

Step1: Enrollment applications

For your enrollment request to be processed you are required to fill out an original enrollment application form in both English and Arabic. We can assist you with the Arabic translation if you are not a native speaker.

Applications are available at the ASK admissions office. Please attach the following documents to your application form:

- ◆ An original copy of the student's last report card
- ◆ official transcript for the last 3 years from previous school (if applicable)
- ◆ Two photo's of the student passport size (2 x 2 inch)
- ◆ A copy of the father's/guardian's passport
- ◆ A copy of the student's passport
- ◆ A copy of the student's birth certificate
- ◆ A copy of the student's medical file
- ◆ Copy of the student's residence permit
- ◆ Copy of student's Civil ID
- ◆ Copy of father's or guardian Civil ID

Parents and/or students who are new to Kuwait and did not yet obtain their residency and/or Civil IDs are requested to provide the same within two months from the date of enrollment.

Step 2: Testing

After you have submitted the enrollment form and all the required documents, you will be notified with the testing date and time. Our standardized 3-R's test measures achievements in three academic contents areas: reading, language and mathematics.

Step 3: Results

Completed applications and tests are reviewed by the Admissions Committee, a diverse and talented group of professionals dedicated to selecting the best possible students for ASK. Parents will be notified with the acceptance or rejection decision once it's made.

Step 4: Payments

If the child is accepted, parents will be requested to proceed to the ASK Business Office to pay the entrance deposit fee in order to guarantee a spot for their child. The deposit is included in the total tuition fee.
